

Porsche Marquee Cup Race

This race is open to ALL Porsches that are entered in any group or class at the PVGP/VRG Historic Races at BeaveRun.

You will run one qualifying session on Saturday and based on your finish in that race you will be gridded for your feature race on Sunday.

There will be three trophies awarded in this race, 1st 2nd and a special trophy selected by means only known to a select few.

This is your race to show off in front of the crowd and get recognition for a car with years of race history.

Since this is a race open to ALL of you there will be some serious differences between cars. Please remember this is a race to show the crowd all of the Porsches and the history and tradition that is. This is not meant to be a race just to show that a GT2 911 can make a 356 look foolish.
